## PROFILE

I am a Computer Engineering student with a strong interest in Artificial Intelligence, Machine Learning, Data Analytics, and Web Development. I enjoy building real-world solutions using technology and have hands-on experience through internships and personal projects. With a practical mindset and a passion for learning, I focus on applying modern tech to solve real problems — from smart agriculture to e-commerce. I aim to grow as a tech professional who not only codes but creates meaningful impact through innovation.
